# What is Mission and Service?

Mission and Service is how you reach out to support those in need both in Canada and around the world.

**Mission**  
*and* **Service**

## How does this happen?

Your gifts to Mission and Service let us partner with local organizations to work for long-term solutions in Canada and around the world. We aim for long-term solutions over quick fixes because we want to make a lasting difference.

Right now, we are working with over 85 partners in 21 countries. We've built many of these relationships over decades.

United Church people across the country join together to share what we can. We give to people and places in need through a unified fund called Mission and Service.

## What does Mission and Service do?

Your gifts transform lives.

Locally, Mission and Service supports homeless shelters, food banks, community kitchens, and refugee programs.

Together, we provide opportunities for people to grow spiritually in all kinds of ways. We support remote communities of faith and innovative ministries, theological schools, education/retreat centres, and events that promote spiritual development. We support young people on campuses and through camping outreach.

Around the world, your compassionate giving supports our partners in providing clean water, food, medical care, and help with climate disasters. We support skills training and economic development.

Together, we provide peace-making and sustainable agriculture efforts. We provide disaster relief. And we advocate for the rights of those who all too often don't get a say, like children and migrant workers.
