## SEPTEMBER PRAYER CYCLE

The International Decade for People of African Descent: A 2020 Prayer Cycle: Part 4 (September 2020)

## Introduction to the Decade

The General Assembly of the United Nations has declared 2015–2024 to be the <u>International</u> <u>Decade for People of African Descent</u>. In proclaiming this Decade, the international community is recognizing "that people of African descent represent a distinct group whose human rights must be promoted and protected."

As people of faith, we know every part of humanity is a reflection, an embodiment of the wisdom and power of God. Yet all of our collective humanity has been diminished and ruptured through the enslavement of African peoples and the colonization and exploitation of those same peoples' land.

One of the ways the church is engaging with the Decade is by doing targeted work towards combatting racism, racial discrimination, xenophobia, and related intolerances faced by people of African descent. We know that prayer has the power to transform and amplify our actions. We therefore invite people to pray during this midway point in the Decade for the human rights and fundamental freedoms of people of African descent.

## How to Use This Prayer Cycle

## September

[For each day please add specific examples of African Descendant people related to each intercession and include the hashtag #AfricanDescent.]

Lamenting has an important place in the life of faith. We lament in the face of injustice, wrongs, and calamities. However, lamenting is not to mourn. We are not hopeless when we lament. When we lament, we acknowledge the pain and the suffering, we name the wrongs and injustices, but we do so with hope. Hope, believing that we are being heard and that the One who hears will respond.

During this month we lament for the human rights abuses faced by those of African descent. We lament and pray for:
